LYON 2024

## **100 days to go before WorldSkills Lyon 2024!**

June 2nd marked 100 days until the 47th WorldSkills Competition. 100 days until Competitors from all over the world attempt to become the best in their skill and to win a medal, 100 days before these extraordinary young people demonstrate their talent.

To mark this important milestone, WorldSkills Lyon 2024 has increased its presence in the city of Lyon, with the arrival of our travelling photo exhibition "Le Bon Geste au Bon Moment" ("The Right Gesture at the Right Time") on the gates of the Rhône region's administrative headquarters (in the centre of Lyon). 📸

The beginning of June also brings the opening of our official ticketing system, where you can purchase your tickets for the Competition.

The WorldSkills Lyon 2024 Organizing Committee looks forward to welcoming you all to Lyon to celebrate excellence together. 🏆

# “Le Bon Geste au Bon Moment” takes to the streets of Lyon

Our travelling photo exhibition highlighting the parallels between sports and skills is now on display on the gates of the Rhône administrative headquarters. It's a great opportunity for the people of Lyon to discover the beauty of sports and professional gestures.
